Sir:

The reference cited on the attached form PTO/SB/08A-B is being called to the attention of the Examiner. Applicants mistakenly provided the A3 version of this cited publication in the Supplemental IDS of 15 March 2011, rather than then A2 version.

As explained in the prior Supplemental IDS, this reference was cited in connection with the Opposition of European Patent, EP 1 716 233B, which is the European equivalent of the above-identified U.S. Application.

The cited document is in German, however, US 2005/0059082, which is in English, is believed to be the U.S. equivalent application. US 2005/0059082 was cited in the Supplemental IDS of 15 March 2011. The document for submission is in .pdf format

via EFS-Web. It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the reference be made of record therein and appear among the "references cited" on any patent to issue therefrom.

As provided for by 37 CFR §1.97(g) and (h), no inference should be made that the information and the reference cited is prior art merely because it is in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

This IDS is being filed after the mailing date of the first Office Action and more than three months after the filing date, but prior to the Notice of Allowance or Final Office Action. Please deduct \$180.00, pursuant to 37 CFR §1.17(p), from the undersigned's Deposit Account No. 50-0990.

Respectfully submitted,
